

A very warm welcome ...

... at our little KaffeeKüche in München Haidhausen!

Everyone said "You can't do that!",
then someone who didn't know that
turned up - and did it!

*In case of KaffeeKüche this somebody were two somebodies - Krissi and Natalie.
One of them is from the far north of Germany, the other one from the deepest south.
Two heads and lots of dreams, that united in this one unique Coffee Shop.*

We really hope you like it here with us!
Krissi & Natalie - and everybody from the KaKü-Team
